

# Changes to your glass bin calendar

We are pleased to announce that the new glass service has completed its first successful year in operation. During that time we've been looking for ways to make the service even better, and have identified that some households, including yours, require a change to the scheduled collection day. This change will help us to provide a more sustainable and economical service to the community.

Please note: your glass recycling service remains on a four-weekly collection schedule. Please see enclosed your new collection calendar. Your collection calendar can also be found on the Frankston City Council website.
