STRONG MUMS STRONG BUBS

Strong Mums Strong Bubs is a supportive and empowering group of young mums that focuses on challenges that are not typically spoken about as one prepares to be a parent. This 12 week program aims to nurture a safe, inclusive and non-judgmental space where young mothers can connect, share experiences, access valuable resources and allow them to build a strong network with other young mums to continue a strong friendship after the program.

By providing a safe space for education, mental health, emotional support, and skill development, the Young Mums Group aims to empower young mothers to navigate the complexities of parenthood, pursue personal and educational goals, and build a resilient and thriving future for both themselves and their children.

Using various interactive activities that have a clear focus each week, that mums can participate in, but also participate with a little person beside them, who can also be involved, or just sit next to their safe person/caregiver.
